THEME – ‘Happiness in Nature’

The ‘Happiness in Nature’ theme can be interpreted as broadly as the Young Photographer wishes and does not need to conform to a dictionary definition. Entrants are encouraged to use their creativity to show what this theme means to them.

Introduction

The Rotary Young Photographer Competition is organised and promoted by Rotary International in Great Britain and Ireland (Rotary GB&I).

There are three stages to the competition, each designed to support and encourage the development of photographic skills. Some stages may have more than one round to select those entrants progressing to the next stage.

Aims and Objectives

The competition encourages young people to:

- explore and develop their skills in photography
- use either digital and/or traditional methods of photography
- interpret the competition theme with creativity and insight
- communicate personal ideas and perspectives through photography

Who can take part?

The competition is open to all young people within the age groups shown below. They may be an individual choosing to enter directly themselves or amongst the entries submitted by a group or community organisation including schools and colleges, home educated, other young peoples’ community organisations, for example, community RotaKids or Interact, Scout Groups, Girl Guides, etc.

Age groups (based on age as of 31st August 2025):

Junior:	Up to and including 10 years old
Intermediate:	11 to 13 years old
Senior:	14 to 17 years old

Note: Because the qualifying age is based on 31st August 2025, some entrants may have birthdays that would otherwise place them in a different age group at the actual date of the competition. For example, a young person who is 17 on 31st August but turns 18 on 3rd September 2025 is still eligible to enter as a Senior or a 10-year-old on 31st August 2025 with their birthday on 1st September 2025 is still eligible to enter the Junior category. **Entrants must include their age on the entry form.**

How to enter

To enter the Bulgarian competition, please email the Rotary GB&I and Bulgaria Team at gergana.georgieva@rotary-bourgas.org.

Entrants should submit their entry individually. A completed entry form and a digital copy of the written piece must be submitted to gergana.georgieva@rotary-bourgas.org by January 15th 2026.

Competition Guidelines

Task

To produce one photograph based upon the theme, '**Happiness in Nature**'. Mobile devices or cameras may be used.

Each entrant MUST include a brief sentence explaining how their photograph relates to the theme. This sentence must be added to the appropriate section of the entry form. Entries without this explanation will be disqualified.

Please note:

- A photograph that forms part of a current educational exam portfolio is **not eligible** for entry due to exam board regulations
- If the photograph includes **images of people under 18 or adults at risk, a signed consent form/s must accompany the entry**
- For the national final the photograph must be submitted digitally in jpg format and be at least 1500 pixel in size on the longest length and the entry and supporting information sent electronically **MUST NOT EXCEED 15Mb** per email sent
- Photographs which incorporate images of people under 18 years or adults at risk must be accompanied by consent form/s for their use.

Plagiarism or Close Copied Images

Plagiarised or 'close-copied' images are not permitted in any competition. It is important that we protect the work of creative individuals. Whilst we are all inspired by the work of others, there is without doubt a grey area where inspiration carries over to close copying. For our competitions 'close copying' is where, to a reasonable person, the submitted entry appears remarkably similar in significant important respects to a body of work created elsewhere. We are looking for original pieces, not copies, which match the theme of the competition. Competitors **must not** use any apps which produce any part of their submission, if detected the entry will be disqualified.

Judges

The judges will be people with appropriate skills appointed by the accordingly.

The judging criteria is as set out below.

Judging Criteria

Judges will consider:

- technical merit
- content and composition
- imagination and style
- relevance to the Theme.

The judges will not enter any discussion or correspondence regarding their decision; the decision of the judges will be final and not subject to any appeal.

Recognition

At all stages of the competition, competitors will receive a certificate of participation.
